Mack

Deliveries from Mack through November totalled 34,135 units, up 2% from the corresponding period a year ago.

The pace of Mack's deliveries has slowed from earlier in the year, due to challenges stemming from its product renewal efforts, as well as long lead times in production at truck body companies and some softening in the residential construction market.

Renault Trucks

Deliveries through November totalled 71,457 trucks, a rise of 7% compared with the year-earlier period. Deliveries in Europe increased by 10%. In the rest of the world the deliveries continued to increase. However, reduced deliveries to the Middle East held back the total number of deliveries. Excluding the Middle East, the deliveries of trucks improved by 12%.

The best sold models were the Renault Premium (+24%) and the Renault Mascott (+22%).
